

Western Emergency Relief Network (WERN)

Request for Accreditation

WERN provides material aid to clients of partner welfare agencies whenever a need arises. WERN is now a partnership of over 50 Support Agencies located in the west and north of Melbourne with around 350 accredited Case Managers supporting their clients through the WERN service.

Accreditation involves a 45 minute Induction session at WERN and approval for access by the member agency management. For Health and Safety of all our visitors at WERN we need to ensure case managers are across all the safety issues and we are all on the 'same page' in dealing with the sometimes complex issues agencies may deal with in dealing with clients and a third party such as WERN.

Agency approval is required to access the WERN Warehouse under the agency membership as part of the accreditation process. If there is any problem or change in the approval or agreement to access WERN the Authorised Program Representatives are requested to advise WERN immediately.

Agency Name:	
Program Name (if multiple programs):	
Program Address:	
Authorised Program Representative Name:	
Approved Case Manager/Support Worker Name:	
Case Manager/Support Worker Email:	
Case Manager/Support Worker Mobile Number:	

Authorised Program Representative Signature:
